

MAGIC CITY™

INNOVATION DISTRICT

March 5, 2019

Martin Jean-Baptiste
Keeping It Haitian Vendors Association, LLC
5903 NE 2nd Avenue
Miami, FL 33137

Dear Martin Jean-Baptiste:

Magic City supports the initiatives of the Keep It Haitian Vendors Association to mobilize, assist and promote qualified local vendors and professionals of Little Haiti. This group of Social Entrepreneurs will help start Haitian American careers with local jobs while contributing to exports from Haiti. They have worked with local business owners to build capacity of these vendors to better qualify for contract opportunities that may be available throughout the neighborhood. These vendors, as a consequence, will create living wage jobs and improve the local economy of Little Haiti.

The Keep It Haitian Vendors Association also subscribes to one of our pillars, sustainability, aiming to source locally and promote a greener environment in Little Haiti. Magic City subscribes to green and sustainable practices in order to foster healthy living and a higher quality of life for the community.

In conclusion, we truly appreciate the leadership of Martin Jean-Baptiste in helping us articulate the benefits of the Magic City Innovation District to businesses and other members of the Haitian culture and community of Little Haiti.

Sincerely,

Max Sklar
Vice-President
Plaza Equity Partners (Managing Partner, Magic City Innovation District)
